Accounts and Orders

You can create an account with an email address or an Indian mobile number. Guest checkout is supported but guest orders cannot be tracked in the order history page.

Orders can be cancelled free of charge at any point before the order status changes to 'Shipped'. Once shipped, the order must be handled as a return under the Refund Policy.

Order status values, in sequence, are: Placed, Payment Confirmed, Packed, Shipped, Out for Delivery, Delivered. A separate status, On Hold, indicates a payment or address verification issue.

TechMart Premium

TechMart Premium costs INR 999 per year or INR 129 per month. It includes free next-day delivery on all orders, an extended 30-day return window (instead of 14 days), priority 24x7 support, and early access to sale events.

Premium activates within 5 minutes of successful payment. If Premium has not activated 30 minutes after payment, this is a known provisioning issue - see the User Manual, section 'Premium not activating'.

Premium can be cancelled any time. Annual plans cancelled within 14 days of purchase are refunded in full if no Premium delivery benefit has been used; after 14 days, refunds are pro-rated by unused months.

Payments

We accept Visa, Mastercard, RuPay, American Express, UPI, net banking from 48 Indian banks, and TechMart Wallet. We do not accept cryptocurrency, cheques, or international cash transfers.

Cash on Delivery (COD) is available for orders under INR 20,000 delivered to serviceable pincodes. A COD handling fee of INR 49 applies and is non-refundable once the order is shipped.

No-cost EMI is available on orders above INR 8,000 with cards from HDFC, ICICI, Axis, SBI, and Kotak, for tenures of 3, 6, or 9 months.

We store your name, contact details, addresses, and order history. We do not store full card numbers; payment credentials are tokenised by our PCI-DSS compliant payment processor.

You may request deletion of your account and personal data by emailing support@techmart.example.com with the subject line 'Data Deletion Request'. Deletion completes within 30 days, except for invoice records which we are legally required to retain for 8 years.
