Product Comparison: NoteBook Range

NoteBook Go 13: 13.3-inch 1920x1080 display, Intel Core i3-1215U, 8 GB LPDDR5, 256 GB SSD, 1.24 kg, 9-hour battery, 2 USB-C and 1 USB-A port. Best for students and light office use.

NoteBook Air 14: 14-inch 2240x1400 display, Intel Core i5-1340P, 16 GB LPDDR5, 512 GB SSD, 1.31 kg, 13-hour battery, 2 Thunderbolt 4 and 1 USB-A port, backlit keyboard. Best all-rounder for professionals.

NoteBook Pro 16: 16-inch 3072x1920 120 Hz display, Intel Core i7-13700H with RTX 4050, 32 GB DDR5, 1 TB SSD, 1.95 kg, 8-hour battery, 2 Thunderbolt 4, HDMI 2.1, SD card reader. Best for video editing, CAD, and development workloads.

In short: choose Go 13 for budget and portability, Air 14 for the best balance of weight and battery, and Pro 16 for raw performance where battery life and weight matter less.

Offers and Price Guarantees

Coupon codes apply to the cart subtotal before delivery charges and cannot be combined - only one coupon per order. Bank offers stack with coupons and are applied at the payment step.

We do not price-match other retailers. We do offer a 7-day price drop protection on TechMart's own price: if the price of an item you bought drops on techmart.example.com within 7 days of your invoice date, contact support for the difference as TechMart Wallet credit. Price drop protection excludes sale events such as Big Billion Days and Diwali Dhamaka.

Prices include GST. GST rate on most electronics is 18 percent. Business customers can download a GST invoice from Orders after adding their GSTIN to the account before placing the order - GSTINs cannot be added after an order is invoiced.
