

Refund and Returns Policy

TechMart Electronics | Document domain: billing

Return Window

Standard customers may return most items within 14 calendar days of delivery. TechMart Premium members have a 30 calendar day return window. The window is counted from the delivery timestamp recorded by the courier, not from the order date.

Large appliances (air conditioners, refrigerators, washing machines) have a 7 calendar day return window because of reverse logistics constraints.

Non-Returnable Items

The following cannot be returned once delivered: in-ear earphones and earbuds where the hygiene seal is broken; software licences and digital gift cards once the key is revealed; SIM cards; items marked 'Final Sale' on the product page; and any item purchased more than 14 days ago (30 for Premium).

Items damaged by the customer, missing serial numbers, or missing original accessories are not eligible for a full refund. A restocking deduction of up to 20% of the item value may be applied at TechMart's discretion when accessories or packaging are missing.

How to Raise a Return

Go to Orders, select the order, click 'Return or Replace', choose a reason, and select a pickup slot. You will receive a Return Merchandise Authorisation (RMA) number by email immediately. Do not ship the item back without an RMA number; unauthorised shipments are refused at the warehouse.

Reverse pickup is free for defective, damaged, or wrong items. For change-of-mind returns, a pickup fee of INR 99 is deducted from the refund. Premium members pay no pickup fee in any case.

Pickup is attempted within 3 business days in metro pincodes and 5 business days elsewhere. Three failed pickup attempts close the RMA automatically; you must then raise a new return request if still within window.

Refund Timelines

Refunds are initiated within 2 business days of the returned item passing quality check at our warehouse. Quality check itself takes 1 to 3 business days after the item reaches the warehouse.

Once initiated, the money reaches you according to the original payment method: TechMart Wallet, instantly; UPI, 1 to 3 business days; debit card, 5 to 7 business days; credit card, 5 to 10 business days and it appears on your next statement; net banking, 3 to 5 business days; COD orders, refunded to a bank account you provide, in 5 to 7 business days.

The total worst-case timeline from pickup to money-in-account is therefore about 15 business days for a credit card order. Refund reference numbers (ARN) are shared by email once the refund is initiated. If the money has not arrived 3 business days after the stated window, contact your bank with the ARN first.

Replacements

Replacements are offered instead of refunds for defective items still under the return window, subject to stock. A replacement is dispatched only after the original item is picked up, except for TechMart Premium members, who receive an instant replacement dispatched before pickup.

If a replacement is unavailable, the return is automatically converted to a refund and you are notified by email.

Cancellations and Failed Payments

Orders cancelled before dispatch are refunded in full, including any COD fee, within 5 business days.

If a payment is debited from your account but the order was not created, the amount is auto-reversed by the payment gateway within 5 to 7 business days without any action from you. If it has not reversed after 7 business days, contact support with the bank reference number.

Duplicate charges for the same order are refunded within 3 business days of being reported.

Escalation

If a refund is delayed beyond the stated timeline, you may escalate to the Refund Escalation Desk at refunds-escalation@techmart.example.com. Escalations are acknowledged within 4 business hours and resolved within 5 business days. Include your order ID and RMA number.

Unresolved disputes may be raised with the TechMart Grievance Officer, Ms. R. Iyer, at grievance@techmart.example.com, as required under the Consumer Protection (E-Commerce) Rules, 2020. The Grievance Officer responds within 48 hours and resolves within 30 days.
